

Become a Member

As far as anyone knows this type of movement has never been attempted.

The strength is not in how much money or time one might donate but in how many members put their name forth to join this cause. The strength is in a large number of voices speaking as one and displaying the membership certificate proudly!

Reaching the large numbers needed will be no easy task. Your involvement by spreading the word will be critical. We must change the status quo and we must think long term!

Yes, the membership is very inexpensive, however, our strength is going to be in the number of members!

“CSBC” will be a strong voice for Small Business! We will not be just another "feel good organization", we are about ACTION! We will e-mail you about meetings and future events.
